Week 3

A. Weekly Accomplishments - Describe what task was completed.

1. Performance tests/runs
2. Data collection
3. Description of performance tests and results

B. Problems/Issues - Describe the problem/issue, what is the cause, what has been tried to solve it, expected resolution. Explanation on how it affects project schedule.

Initial problem with the paragraph input, it did not affect the schedule as I figured out a fix very early.

C. Next week's planned work - What do you plan to work on next week? If you have pending issues from section B, how will they affect next week's plan?

1. Description of results with use of tabular and graphical representations to support descriptions
2. Description/analysis/justification of results
